Living Stones is an international communion of youth Christian communities born to announce and explore Faith through Art. They have a distinctive style that gives priority to prayer, intense community life, theological and art-historical formation, simplicity, service, the attention to marginalised people and complete gratuity.

This spiritual and artistic week of intense study and prayer will bring us to the heart of Paris, where we will learn about the birth of Gothic Art and the political, social and religious history during the Middle Age. During the classes we will treat topics like Introduction and Overview on The Middle Ages,

the Platonic and Aristotelian tradition, the reason of East–West Scism, the origin of Gothic Architecture; some of the lectures will be combined with visits to the Musée National du Moyen Âge. The seminar will include individual study on the historic sources and working group sessions.

Furthermore, we will visit some of the beautiful ancient gothic sites in the city enjoying their remarkable story and architecture: we will have the theological and artistic explanation of churches like Saint-Séverin, Sainte-Chapelle, Saint-Denis, la Cathédrale Notre-Dame.

Two whole days will be dedicated to out-of-town guided visits in the gothic sites of Chartre and Beauvais.

We will experience daily Mass and brief meditation on the Word each morning.

The accommodation conditions will be simple and sober (mat and sleeping bag are necessary).
